Age as of December 31, 2018

ZONE TEAM COMPOSITION

FILL POLICY

The sport fill policy will allow vacant positions to be filled based on number of riders per Zone in each age/gender category. If a fill is required for any Zone, the Zone with the highest number of participants in the age/gender category in question will be given the first opportunity to fill. If this Zone is not able to fill the position(s), then the opportunity will be given to the Zone with the next highest participation in the stated age/gender category.
Example: If Zone A does not have a U13 female, the Zone with the highest number of U13 female Zone qualifier participants will be given first opportunity to fill that spot.

If one age group in a Zone has been filled by a certain gender and that Zone has more participants to fill, there will be opportunity to fill in any vacant positions in another age group for that specific gender after the initial fill policy has been implemented (see above).

Example: If Zone A has filled the U13 female spot and has another U13 female available, they will be allowed to fill the U15/U17 spot if it is vacant, only after all the other Zones have gone through their U13 female Zone qualifier participants based on the initial fill policy.

Fills must be submitted for approval to the Provincial Sport Coordinator by **June 17, 2018**.
